Captain

Your attention is called to the following letter from Col Carlin Chief Q. M. Genl. It is a matter of course every thing collected by Quarter Masters with troops, should be embraced in the report of articles received otherwise it would be imperfect. The difficulty attending the collection by others than tax officers is very plain to me and I endeavored to guard against them, if my instructions had been followed by the Army Q Masters, they would not exist. I am still endeavoring to prevent them. Meantime we must meet those that exist in the best way possible. Let the Post Quarter Masters or their agents recognize every receipt in the hands of producers which has evidence of being genuine. He must take up such receipts, giving counter receipts and use them as his vouchers, at the same time report the name of the parties giving them to the Chief Q. M. of the army to which they belong. They will be good vouchers under the circumstances. I will publish in the papers notice to farmers that they must deliver only to authorized Officers in future. I would be glad to break up the outside system of confusion, but it cannot be done.

The Army want the supplies at once and must have them at once and by the easiest mode. It perplexes and worries an Officer but it cannot be helped it must be endured."

You will comply with the instructions

I am Captain

Very Respectfully

Dear Sir

I sent last week through the Post Surgeon at Knoxville, two accounts against the Confederate Government, to the Surgeon Genl. at Richmond for his action and approval.

Will you be good enough to give them your personal attention, and have me a check forwarded as soon as possible? I may have to leave this Post in the course of a week or two, and am therefore the more anxious about the matter -? If Dr. Wright of Ky in Richmond If so please, get him to see Hon W. M. Simms and get him to give a letter which I addressed him the morning his attention - I asked him to get me if he could a temporary clerkship in Richmond for the purpose of recruiting my health which has suffered from long exposure in Camp, Please let me hear from you, and believe me

Sir;

I have the honor to report my arrival and interview with Col F. N. Filich Commanding U. S. [illegible] at this place. He has kindly furnished me to take charge of the sick soldiers of the C. S. A. left in hospital at this post;

He has moreover informed me that they are not held as prisoners of war. I have thus succeeded in my mission better than I anticipated, and have been treated with the utmost kindness & consideration.

There are about fifty Federals in the State hospitals many of them very sick. I would respectfully solicit instructions from you, what disposition to make of them, and to furnish me with funds sufficient to meet their necessary wants. - I acknowledge myself under many obligations to Col Filich for permission to visit the wounded aboard the gun boat - Benton and three Steamers, one hospital boat of Indiana brigade, all injured on board C. S. gun boat - Beauregard - in the late naval engagement. I have made application to Col Filich to procure the necessary permit - them to be removed to the State Hospitals for treatment.

I have the honor to be

Asks that this
Indian Jackson b.
County be appointed
Master or Commissioner of one of the
Camps of Instruction.

Recd May 19th, 1882

Talladega Ala —
14 May 1862

Sir!

Under the regulations for carrying into effect the conscription law. Quarter Masters and Commissaries will be required at the Camps of Instruction. My brother, Jackson C. Camp, now in camps near Mobile, in Col. Byrd's Regiment, desires one of the appointments. He is over 35 years of age & is physically incapable of remaining in active service in the ranks. He is a man of excellent business habits, most exemplary character, moral, prudent, and energetic — He will make a first rate Commissary and I have no hesitation in recommending him. It is needless to say, that I should be much gratified at his appointment —

Yours Respectfully

Having resigned my Captaincy on account of ill health, I respectfully solicit a certificate from a Surgeon, to present to the Secretary of War, that your petitioner is suffering with a severe attack of Pleurisy, and is unable to perform the duties of his office.

Your petitioner would respectfully refer to Surgeon Gilham, Medical Director of the Military District of Washington, for a statement of his case.

Your petitioner would also refer to Brigadier General Augur, Commanding Department of Washington, for a statement of his case.

Your petitioner would also refer to Brigadier General Auger

His Excellency Jefferson Davis
President &c.

Sir — Should the circumstances under which I make this application be deemed irregular in this letter, will attract your attention, I hope obtain your favorable consideration —

I volunteered at the commencement of the War, as a private, but was appointed a second Lieut. in the Fifth Regt. N.C. troops at its organization, by his Excellency Gov. Ellis — I very recently resigned my position of Captain in the same regiment, in consequence of disability occasioned by two severe wounds, received in action, the surgeons pronounced me incapacitated for the active and engaging duties of the field —

I would respectfully solicit an appointment in the Quartermasters Dept. advanced, for these reasons, I wish to be of some service to my country at this time of trial, and also to procure the means of subsistence for myself, this latter reason may deem some force, from the statement that I am a refugee from home, (the town of my residence and nativity — Newbern N.C. — being occupied by the enemy) without employment — Enclosed letters, relative to my mental capacity, and moral character, reference to the [illegible]

I regret very much to know that the wound

Mr Elijah Cuthbert who is a captain in the army has exhibited to me the letters of A. T. Watkins, Wm. P. Bellows, Emmet Cuthbert and James E. Cuthbert, as to his character and business qualifications - I know all of these gentlemen - they are men of high character and ace of them good business men - The three first named resided in Bertie and had known Elijah Cuthbert from his childhood and I should rely confidently upon any statement they would make about him - The gentleman last named as his letter shows has not known him so long - But his statement is for as it goes it entitles to like credit.

23 Dec. 63.

Major,

I have given several days mature reflection to your letter of the 18th for the gratifying terms of which pray receive my thanks. I shall now set forth with entire candor the conclusions at which I have arrived. It would be criminal in me to say that with the means now at my command I could "develop the resources" of the Counties added to my district. By reference to a map you will see that I shall have to depend, in lieu of them, exclusively on Water transportation, which must have to be done in mid winter, while all my arrangements for organizing my Dept. must be made in a limited time. I am fearful not to the extreme of my ability by my best exertion & then is not an officer or employee of the Dept. of whom the same may not be said. It is impossible for me to leave here, nor can I devise any epistolary

Under these circumstances I beg leave most respectfully to nominate upon Capt John Sanders A.Q.M.G. a disabled officer of irreproachable character & excellent qualifications. He is a resident of this town & was wounded at Gettysburg. If this gentleman is placed on duty & ordered to report here & I am informed to what post I shall then regularly appointed I can undertake to do the work required. Otherwise, Tell you with candor I do not think I could assume the duties formerly assigned to Capt. Hartshorn

I should be guilty of unpardonable neglect did I fail to discover you of my movements in advance, for it is better for me to tell you now than for you to discover it by a failure on my part to meet your expectations. I have also to request that you will order Capt Kirkland to lay before me all the information he has collected relative

to the conversion of the two-inch Long Smith & Hunt ofone in this State from S.C. will be concentrated here. How would it be proper for me to have some idea of the quantity which may be concentrated here at one time. My capacity for storing powder may be set down at 500 bales, but as the order under which these operations were made did not seem to contemplate the arrangement of which you now speak, I beg to be informed, at your earliest leisure, as to the necessity of increasing my storehouses.

I have carefully noted the other points in your letter which are satisfactory.

In conclusion I request the appointment of Paul Gillastrie, as Issue Agent, at a compensation of $50 per month. He is at present employed in charge of detail. Very Respectfully

Dear Sir,

As my friend Mr. Hope has given you all necessary explanation in regard to my application for an appointment in the Southern Army, it is not important that I should repeat it.

I suppose President Davis is looking forward to a thorough and permanent organization of the army, which will consequently be slow; for this reason I think it advisable not to present myself in person at present. I enclose a letter which you will find intended to be presented, but I am not certain when you depart on your mission, and in order that it may reach you in time I transmit it at once.

With my earnest wishes for the glorious cause which you so honorably represent

I am with much respect

Your obt. Servt

My dear McKee,

I have not seen Frank at your house, since we have considered that you will not regard me as presumptuous in claiming for him your favorable consideration.

It is hardly necessary for me to remark, as you were formerly one, that there is no connexion between the two, inasmuch as total removal terminates your duties when [Corp] before the other can engage.

The first is to accept the resignation of the accompanying person. She to Pride must make an apology before God for the want of moral in my subordinates.

If I could not, believe me I do not want moral backing necessary for the achievement which I attempt, I command command.

You will please proceed to Savannah Ga. and take charge of Government transportation by railroad over the Atlantic & Gulf Rail Road, the Charleston & Savannah and the North Eastern Rail Roads; giving your attention to freight shipped by any through arrangement from Macon to Wilmington via Savannah and Charleston.

It is not intended that you shall interfere with transportation when no interruption occurs, or when all the wants of Government are met, but it is your duty, so far as in your power lies to remedy all irregularities and to see that no detention of Government freight takes place.

You will appeal directly to the managers of Rail roads in any emergency and ask of them the aid you require.

Your personal attention must be given to the duties entrusted to your charge; it will be necessary therefore for you to visit the various points on the routes described above, which you will do at your discretion and without further orders from the Q. M. G. You will not absent yourself from your post, however, without the business can be more promptly arranged by your personal attention. I remain Capt. Very Respectfully

Dear Sir,

I have turned over to the Qr Master to day two boxes of Powder Flasks. - One hundred & six of them I had in store & as there is no call for them here, I obtained Gen'l Lawton's permission to turn them over to you. - The others I purchased yesterday at the following prices -

3 dozen	at	$10 -	$30 -
2	"	8	16. -
1 5/12		9	12.75
1	"	" 15	15.50
			$73.75

It is so small a matter I will not ask you to pay for them. No more for sale in the City. -

I purchased for you also to day 112 lbs Nitric Acid @ $1.50, which I know is a high price, but it has been sold much higher here lately - I succeeded also in getting one flask Mercury @ $32.50 -

The Acid to be sold by LaRoche & Bell on 31st is both Sulphuric & Nitric.

I am afraid it will go very high. —
As I am unable to manufacture them
I would be glad to know if a requisition on
you for the following articles approved by the
Com.dg General here, would be filled — Viz —
Percussion Caps for Muskets & Revolvers —
Borrmann Fuzes —
Friction Primers

The market here is nearly gutted

Sir

Permit me to trouble you with a matter which is very important to the efficiency of this command — Mr Richard M Cuyler, who has been many twenty years in the United States Navy, & had resigned his commission before the present troubles, was mustered into service as a private in an Artillery Company for service at Fort Pulaski — There he has been found invaluable as an ordnance officer, all the duties of which he has faithfully performed, though mustered & paid as a private — The term of service of that Company is about to expire, & I know of no process by which to avail myself of Mr Cuylers services, without your aid —

Mr Cuyler's last services, education, & position, all eminently

fit him for a Commission in the
army and a detail for ordnance
duty — The unaccountable delay in
forwarding the guns, for coast
batteries, (after repeated acquisi-
tions & promises) leaves me with
heavy duty to be performed here in that
Department — I cannot too strong-
ly urge on you the importance of
giving Mr Cuyler such a Com-
mission, as will enable me to
have the full benefit of his ser-
vices as an ordnance officer

This note will be handed to
you by Mr P R Cuyler, father of

I have purchased for you in addition to the Acid already sent you One Carboy Nitric Acid & One flask Mercury. — I was also offered a few days ago in the street by Carboys Sulphuric Acid at One dollar & accepted the offer; I however neglected to take the name of the person who made the sale to me & have not since heard from him. that she is at Mobile. — If so she probably has on one item thirty thousand Enfield Rifles —

I was very sorry to hear of your loss by fire. — What a series of triumphs & misfortunes we have experienced lately — The fires at Charleston & Nashville, blowing up of powder mill at New Orleans on the one hand & our glorious victories & arrival of the Bermuda, Fingal & Ella Warley on the other. —

Enclosed receipts for Ordnance Stores duly signed. I am unable to affix the date as the Invoices are in Savannah. It would be about the 1st or three days after shipment. —

I have in my possession also receipts acknowledging my signatures for 2 Boxes containing 200 Knapsacks by Clerk in Savannah (Mr A. J. Cunningham) informs me only One hundred & fifty were received. I think he wrote you on the subject. —

Up to the time of my leaving Savannah last I was informed there were many receipts owing me from Atlanta for Stores shipped to Lt Wright. Will you please inform me whether you have ever received anything for which I have not signed receipts. —

My affairs here have become complicated lately from the fact that I have been receiving the Report from Savannah

Your letter of the 3rd inst. is rec'd. Special Messengers are entitled, as other employees to the advance authorized by Bureau-Circular of Sept. 1st ult. The percentage of advance in their case has generally been calculated upon their aggregate pay of $7 ff. An increase of 16⅔ gives them, therefore, $8.16 per day. If you is decided the advance does not increase the average advance on the whole roll, over 16⅔ per ct., they may be allowed as much as 20 ct. advance, or $8.40 per day.

The regulations of the War Dept. are known to interfere with the retention of the limited number of messengers, heretofore authorized at Arsenals, provided there is absolute necessity for their services. No new messengers should be engaged.

I enclose a letter to Col Gorgas asking for Mr Hodgkins the position of Master Armorer. I would be obliged if you would endorse it with your opinion of his fitness. - I also enclose letter of recommendation from Genl Wagner, to show you what he thinks on the subject. -

Please return both letters to me as soon as possible as I am anxious to send them off by this evening's mail. -

Yours very truly -

Colonel,

I have just telegraphed to ask you to send me a tracing of 10 lbr Parrott shell, as now made by you & also the last tracing you have from Richmond of this shell

The last tracing I have (received only a few days) corresponds almost exactly with the first tracing ever sent me, but as I am pretty well assured a shorter projectile has been adopted, I fear some mistake has been made.

I would be glad also to get a sample shell from you (finished).

Chief of Ordnance
Richmond Va.

Colonel

I/c. the commanding Officers of the three Ordnance establishments in Macon - have of late communicated with upon briefly, and for the most part by telegraph, with regard to the possible influence of recent military events in the neighbourhood of Atlanta upon our operations here and the future security of the works in our charge. After some consultation it has appeared to be advisable to write you somewhat more fully on this subject, to lay before you the principal points which seem to us deserving of consideration, and to respectfully ask for more definite instructions, as soon as you think that such instructions can with advantage be given.

As regards the military situation in this part of the country you are doubtless better informed than we can be. The Federal army under Gen. Sherman is understood to be in and around Atlanta, extending from East Point at the junction of the Atlanta & West Point and the Macon and Western Rail Roads, to Decatur on the Georgia R/R., fortifying the position and accumulating supplies for a further advance. It seems probable that this advance will be made either in the direc-

tion of Macon or that of Augusta. If Macon be the point aimed at there appears to be no good reason for not knowing that the city can be effectually covered by Gen! Hood's army. Even should this army successfully defend the works with which the place is being surrounded the rail road lines of communication on either side of us can be cut and thus, as at Atlanta, the city, although fully in our possession, may become untenable as a locality for establishments of construction.

If Gen! Sherman should advance upon Augusta there would be some ground for apprehending the isolation of Macon and this whole region of country from the Eastern & Northern portion of the Confederacy.

This city moreover would be much exposed to raids and detached expeditions from the flank of the invading army.

If it be assumed that a certain degree of danger to the works under our command may be looked for if these works be retained in Macon it remains to consider the feasibility of moving to a place of greater safety.

We believe that it may be fairly asserted that it is impossible to carry on our regular work for the field and to undertake moving at the same time. Surplus stores might be moved and work be still carried on, but if we begin to move machinery and stocks in current use operations for the supply of the army in the field

must stop. The Ordnance establishments here in that case must be stricken for the time from the list of those from which supplies may be expected. If, on the other hand, work should be carried on up to the last moment and the city should ultimately fall into the hands of the enemy it would be inevitable that much of the machinery & stores would be lost. Of the value of these you are of course aware - it has been of late increased by the reception of part of the stock of Atlanta Arsenal.

As regards the time which would be required to move, if railroad transportation could be had without difficulty - supplies and depot stores and such machinery as is not in use or likely to be, could be moved in say 10 days or a fortnight - even sooner with increased facilities for local transportation to the railroad Depot (now very limited).

All the machinery could be taken down and prepared for shipment in about a fortnight, or rather longer time if boxes were made for the smaller parts and all carefully greased and the parts numbered as ought to be done. Everything could probably be gotten off in about four weeks.

But, at present no railroad transportation at all can be had (in consequence of the movement of prisoners) an even in the future, in view of the very large amount of Quartermasters, commissary's & medical

stores, sick and wounded men, &c, in Macon and to be removed, without considering any special demands for transportation that the nearer approach of Gen. Hood's army would occasion it is most probable that a much longer time would practically be required than that assumed above.

If it should be decided to remove the Ordnance works from Macon it would be highly important - as has been clearly shown by the experience of the removal of Atlanta Arsenal - that the place to which the move is to be made should be designated at the earliest possible day beforehand, and that arrangements should be forthwith made not only for the storage of machinery and goods but for shelter for the operatives removed and for lumber and other material necessary for the establishment of the works.

The time required to put the works again into operation in a new locality would of course depend much upon the facilities afforded by the place chosen, but probably most of the work might be gotten again under way in two (2) months from the commencement of the work of reconstruction.

As regards the place to which we should remove, if we move at all, your instructions given verbally to one of our number in Richmond have directed my attention altogether to points East of this. No point on the line of rail-

road leading to Savannah can now be considered safe nor can even storage on an adequate scale be had along the line. In obedience to your telegraphic order - since countermanded - I've prepared to move surplus stores to Savannah, and procured warehouse accommodation for the purpose in that city. These warehouses are still held subject to our orders, and we respectfully ask to be informed whether you desire that we retain them for the present, as a measure of precaution.

Although for the moment safe, and in many respects convenient as a place for the storage of surplus supplies we cannot think Savannah very well suited for the re-establishment of works if moved.

It is true that we are informed a large building might possibly be obtained for the purpose which was originally erected as a machine shop for the Savannah, Albany & Gulf R.R. Co. at their depot - this building being nearly new and hitherto unused. But many valid objections appear to be against the establishment of Ordnance works upon a large scale in such cities as Charleston and Savannah - the danger of attack by the enemy on the side of the ocean as well as that of the land, the liability of suffering from the loss of easily cut R.R. communications, the unfavorable atmosphere of the seacoast, and the possible

dable character, &c.

But one other available place suggests itself, namely Columbia, S. C.

Of the advantages and disadvantages of this place we are not fully informed; but we presume that you have already reports upon the subject. There might be some difficulty in procuring through transportation for machinery and stores to Columbia; but once there they would probably be as safe as in any portion of the Confederacy. It has been suggested during our discussion of this question that the general stock of machinery at the Armory, now and for some time past lying idle in consequence of the devotion of all available labor to cleaning and repairing unserviceable arms for the field, might be at once sent to Columbia, set up, and put in operation for general Arsenal purposes, thus securing as far as possible the safety of this machinery itself and establishing a reserve Arsenal as it were upon which dependence might be placed for subsistence during the possible future loss of Macon Arsenal proper.

We would respectfully ask your attention to this idea and to the above suggestions which we have taken the liberty of making with regard to the general conditions involved in the removal or retention of the Ordnance

works here. (We respectfully ask for general instructions at the earliest proper period.

And, finally, we respectfully beg to be definitely instructed how far we are to look to Genl. Wood for orders as to the matters above discussed — shall we receive instructions from him or from yourself as to the proper time to remove, if removal become necessary, and as to the new locality at which, in that event, the works should be re-established.

We are, Colonel,
Very Respectfully

The joint letter of Col Wright yourself, Col Burton & Lt Col Mallett of the 29th ult. is received.

I am directed by Col Gorgas to say that it is too late to take steps in the direction indicated before the adjournment of Congress, and until it can ascertain what legislation may be had, affecting the question of wages of detailed men. After that time, the Commanding Officers of Assembling Arsenals, Armories &c for Conultation may be adopted, as it is thought to be an excellent idea.

Be pleased to communicate the purport of this letter to Col Wright, Col Burton & Lt Col Mallett.
